DESCRIPTION

996 manual Carrera 4. Reluctant sale of my Porsche 911 due to purchase of another car. This is a well sought after manual model in four wheel drive. The vehicle has an extensive service history with the majority being done by the same independent Porsche specialist who fitted a new Porsche engine at 90,000 miles. All receipts kept in detailed file recording my ten year ownership as well as previous owners expenditure and MOTS. Oil and filter changed every year regardless of mileage. Last full service March 2023 plus new rear brakes and alternator fitted too.
