**DESCRIPTION**

Mk2 3.4 Saloon. Fully restored and excellent condition. I have owned for 36 years and the car only had 2 driving owners before me. 62000 miles from new, pretty much verified from the extensive history paperwork. Gunmetal grey and red leather, all chrome work replated and wood repolished. Upgrades include LED lights, dual pot front brakes (Zeus Callipers I think), stainless exhaust, electronic ignition, electric fan, heater. Car is negative earth with alternator, new headlining, new springs and dampers all round. Car simply not used enough so need to find a good home for it.

**AD INFORMATION****Year:**

1964
