DESCRIPTION

From 1984 this 911 RS tribute utilised a C16, right-hand drive 3.2 Carrera Coupé as its starting point. Specifically, this was a healthy well-serviced example with a good history file. This tribute car presented here pays homage to the legendary 1973 2.7 RS, echoing that famous silhouette very well, and was professionally built. This striking car, now reborn, looks just right in the classic combination of Grand Prix White with Guards Red decals, wearing period Fuchs alloy wheels with Bridgestone Porsche N-rated tyres. All panels, (new front wings, bonnet, front slam panel, sills, kidney bowls, rear quarters, fuel tank and bumpers are period correct) having been sourced from Porsche.

AD INFORMATION**Year:**

1984

VAT applicable?:

Yes

Region:

South East
