**DESCRIPTION**

18000 genuine miles, with all original carpets, seats etc. Never been welded, Original Engine and gearbox which is an A Series engine, not an A plus one, 3 piece polished metal finish over sills and arches. I have the original logbook from 1963. My family were a BMC dealer in Torquay, we originally sold the car brand new and then bought it back with only 4000 miles. The car was recommissioned (New Brakes, cylinders, oil etc.). My Father used the car for charitable events, age eventually caught up with it so we had it repainted (in the family paint shop) in the original colours great care was taken. This is a much loved family car but ill health warrants a reluctant sale. Part exchange considered. I am also willing to assist with the export of the car by taking it to a port in a covered trailer. Customer pays.
