DESCRIPTION

We bought this vehicle October 2021 as a workshop project for the quieter times and completely refurbished it as follows : It had a full service, new cam belts, new exhaust, front brake pads and back brakes, rear brake wheel cylinders, cables, brake shoes and flexi hoses, 2 x refurbished axle assemblies, 4 x new rear wheels due to different number of studs. Rear body removed, slide bed mechanism refurbished, aluminum bed girders reinforced, all new bed electrics. Cab stripped and resprayed. New front bumper, new beacon, loading, fog, reversing and strobe lights. New winch with remote. Uprated headlamps with LED sidelamps. Cherished number plate will stay with the vehicle. Walnut dash veneer and new leather steering wheel cover. We have no history about the engine before we purchased it, but it starts and runs fine. MOT until January 2025. GVW 3.5 ton with a carrying capacity of approximately 2.0 tons.
