DESCRIPTION

This Rolls-Royce Phantom Drophead Coupe is a sumptuous and refined convertible grand tourer, finished in a smart and reportedly rare colour combination. Powered by a naturally aspirated 6.75-litre V12, delivering 454bhp and 531lb-ft of torque to the rear wheels through a six-speed automatic transmission. This Phantom Drophead Coupe has covered a staggering 3,849 miles from new. Considered by many to be the most elegant and desirable model in the Rolls-Royce Phantom VII range, the Phantom Drophead Coupe added a touch of open-air sophistication to the marque's already exceptional flagship. Like the marque's 2004 100EX concept car, which it is styled after, the production cars use novel rearward-opening coach doors along with a yacht-like exterior design theme. Moreover, while Rolls-Royces have traditionally been known as cars wherein the owner is driven, this variant is undoubtedly one the owner will want to experience from behind the wheel—helping spark a modern renaissance for driver-focused automobiles bearing the Spirit of Ecstasy. A hand-assembled, silky smooth 454-horsepower, 6.75-liter V-12 and six-speed automatic transmission work in tandem to provide seamless acceleration; 60 mph comes in a brisk 5.7 seconds. The seventh model-generation in the history of the legendary British super-luxury brand to carry the flagship Phantom name, it takes Rolls-Royce technicians more than 260 hours to build a Phantom—not

Rolls-Royce Phantom Drophead Coupe 2008**Price £229,999**

counting any bespoke features. Accordingly, just 261 Phantom Drophead Coupes were produced for the 2008 model year, one fine example of which is offered here. This Phantom Drophead Coupe wears a stunning two-tone Black Diamond Metallic and brushed stainless steel exterior which pairs handsomely with its crème interior, complete with extensive Piano Black trim. Finished with black carpeting and contrasting overmats, the cabin is concealed by a low-slung black cloth power convertible top with optional teak decking cover. Brushed stainless steel A-pillars complete the car's attractive silhouette. The sleek and modern appeal of this 18-foot-long luxury cruiser truly drives home the nautical design inspiration. Each gauge and headrest is emblazoned with the distinctive "RR" logo, never letting any occupant forget the prestige and craftsmanship inherent to this finely-finished automobile. SERVICE HISTORY - Remarkably, this vehicle has only covered a fully documented 3,849 miles therefore this Rolls-Royce has hardly ventured far and has been treasured as part of a collection and maintained to a high standard. - It is offered for sale with a current V5 registration document and a history file containing the original owner's manual, and service record book to back up the mileage. - Now, the vehicle is ready to be enjoyed by a lucky new owner, where it will no doubt serve as a fantastic addition to a collection. DATES AND MILEAGES PDI Rolls-Royce, Birmingham on 15/07/2008 Global Garage EURL, CAP-D'AIL on 01/12/2010 Global Garage EURL, CAP-D'AIL on 18/11/2011 at 2875 miles Global Garage EURL, CAP-D'AIL on 05/12/2014 at 2936 miles Rolls-Royce, Birmingham on 09/04/2024 at 3,844 miles SUMMARY This Rolls-Royce Phantom Drophead Coupe is an effortlessly imposing convertible grand tourer powered by a whisper-smooth V12 and featuring elegantly designed bodywork complete with a handsome brushed steel bonnet. Generously appointed and finished in a stylish colour combination, it would make a natural addition to any collection as well as an indulgent cruising companion for fair-weather weekend jaunts and trips further afield.
