**DESCRIPTION**

Morris Bullnose Cowley Tourer. Owned by me since 2005 after following an extensive rebuild, it has since participated in the vast majority of Club Rallies and other events. Still looking smart in Morris Grey/Green over black and complete with high-quality weather protection in the form of a hood, half-tonneau, hood-bag and full set of sidescreens. Multi award winner. Retro-fitted with a period Lucas MC4 coil conversion unit replacing the magneto, it starts easily and has good performance. Very reluctant OAP sale as now unable to physically manhandle the trailer (also for sale separately). Included in sale are a large quantity of useful spares and literature.
